The Right Insurance.

There is a great deal more in in-
surance than the mere question of
the amount. It is important to con-
sider also the premiums that are paid,
the class of insurance taken out and, above all,
whether you are carrying the insurance
that is suited to your own individual
requirements.

Our Insurance Department makes a special fea-
ture of individual service in this respect and we
will be pleased to have you call and consult us
regarding any insurance matters.

CHANGE COUNSEL? NOTHING TO SAY, DECLARES M'CARN

Attorney J. Alfred Magoon, one of the counsel for United States District Attorney Jeff M'Carn, this morning emphatically denied the rumors and statements that he is considering withdrawing from the case. Mr. Magoon added that he intends to remain a member of Mr. M'Carn's counsel until the disposition of the case.

Mr. M'Carn said this morning that he has no statement to make for publication regarding the purported change in his counsel which will conduct the retrial of the alleged assault case in which he is the defendant. The retrial is scheduled to commence Monday morning before Judge William L. Whitney in the territorial court.

The district attorney did not confirm or deny the rumor that Attorney Magoon will withdraw from the case. He said that he did not wish to comment on the statement which has been made to the effect that he is to secure the services of a local legal firm to represent him in the retrial.

The rumor was current this morning that Attorney Frank Thompson had been secured as a member of Mr. M'Carn's counsel. This, however, was denied by Mr. Thompson. "It is the first I have heard of it, and Mr. M'Carn has said nothing to me concerning it," he said.

It has been stated upon good authority that Judge A. S. Humphreys' withdrawal from the case was due to friction with Attorney J. Lightfoot, chief counsel, brought about, it is said, when the latter during argument in the initial trial, referred in an unkindly manner to a relative of Judge Humphreys. That Attorney Lightfoot's manner was offensive to the other members of Mr. M'Carn's counsel during the first trial is the statement which has been made by persons who were in close touch with the case.

MILL ENGINEERS READY FOR MEET NEXT SATURDAY

An elaborate program of entertainment and business has been prepared for the second annual convention of the mill engineers of the territory, commencing Saturday and continuing until next Tuesday, both days inclusive.

Prior to last year, when the first convention was held, the sole medium for exchanging views and experiences in their craft presented to the sugar mill engineers was the Sugar Planters' Association, through contributions to its monthly organ and statements of individual doings and discoveries in the annual report of the committee on mill machinery, with the cordial sanction and encouragement of the body just mentioned, the mill engineers were organized for annual conventions by the Hawaiian Engineering Association. In fact the two organizations are really one and indivisible, excepting that the parent body holds monthly meetings in Honolulu, for the discussion of general engineering topics, which the country members are not expected to attend unless any of them happen to be in town. There is, however, only one set of officers, those elected a few days ago for the ensuing year being as follows:

R. Renton Hind, chairman; W. G. Hall, vice chairman; F. O. Boyer, secretary; Irwin Spaulding, treasurer. The entertainment committee, to which the program for the approaching convention is to be credited, consists of H. C. Waldron, chairman; Charles A. Horswill, Ed Towse, S. T. Carr (for F. E. Greenfield), J. C. Plankinton (for H. L. Strange), and this is the program:

Saturday, October 17.—For the men who arrive in Honolulu on Saturday the morning is left open to allow them to attend to personal affairs.

8 p. m.—Section reserved at the baseball game at Athletic park for members of the Hawaiian Engineering Association and visitors. Admission 50 cents.

8 p. m.—Meet on the roof garden of the young hotel to renew acquaintances, listen to Hawaiian music and discuss the convention.

Sunday, October 18, 12:30 p. m.—Trip by automobile to Kahuku via Haeiwa, at which latter place a special train will take the engineers to the Marconi wireless station. Returning, leave Haeiwa at 4 p. m., arriving in Honolulu in time for dinner. Start will be made from the Commercial club.

8:30 p. m.—Illustrated talk on the "Effects of the San Francisco Earthquake and Fire (1906) on Power Plants and Machinery," by R. Renton Hind. Seventy lantern slides. Young hotel, makai pavilion, off roof garden.

Monday, October 19, 8:30 a. m.—First meeting of the convention will be called to order at the Library of Hawaii, King street, by Chairman R. Renton Hind of the Hawaiian Engineering Association. Subjects to be discussed: Field Machinery (9:00-9:45); Cane Transportation (9:45-10:30); and Boilers and Furnaces (10:30-11:30). Adjournment at 11:30 a. m.

12 o'clock noon—Lunch for the mill engineers at the Country Club as guests of the Honolulu Iron Works Company. Leave Young Hotel lobby at 12 o'clock. Transportation provided.

2 p. m.—Second meeting of the convention at the library. Meeting will be presided over by Mr. A. Galtley. Subjects to be discussed: Milling (2:30-3:00); Clarification (3:30-4:15) and Filter Presses (4:15-5). Adjournment 5 p. m.

8 p. m.—"Engineers Night" at the Bijou theater. Procure tickets from the clerk of the Young hotel before 7 p. m., asking for "engineers' reservation." Ladies are cordially invited. Business suits.

Tuesday, October 20, 8 a. m.—Third meeting of the convention at the library. Meeting will be presided over by Mr. W. G. Hall. Subjects to be discussed: Evaporators (8:45-9:15); Vacuum Pans (9:15-10); and Sugar Room Machinery (10-11). Adjournment at 11 a. m.

11 a. m.—Street cars will be waiting for the engineers on King street, opposite the Library of Hawaii, to take them to a point near the gas works. Inspection of the latter and short trip through the Hawaiian Pineapple Company's plant. Return to town in time for lunch.

2 p. m.—Fourth and last meeting of the convention, Mr. E. Kopke presiding. Subjects to be discussed: Electricity (2:30-3:00); and Disposition of Products (3:30-5). Adjournment at 5 p. m.

7 p. m.—Annual meeting of the Hawaiian Engineering Association at the 5th floor pavilion, Young hotel. Reports of chairman, secretary and treasurer. Election of officers for the coming year.

8 p. m.—Annual banquet of the Hawaiian Engineering Association at the Ewa dining room, sixth floor, Young hotel. To be followed by a vaudeville program. Hawaiian music to 10:20 p. m. Members inviting friends will please notify Association Secretary F. O. Boyer before 12 o'clock noon, October 20. Dress, optional.

A general alarm has been sent out for the capture of John Rice, 26 years old, who escaped from Sing Sing prison. He was convicted of grand larceny. The Ohio legislature passed a law making \$10 a month the minimum salary to be paid the members of that state.
